Are you there?  
I wait and listen for you.  
Speak to me.  
Are you falling away?  
I do not hear you.

If you are falling,  
I will catch you.  
Tell me to try, or let you go.  
I will reach out for you.  
I can hold you  
And never let you go.

I reach for you and find you falling.  
I will fall with you if I must,  
Just to be with you.  
Are you leaving  
Because my eyes may  
close before yours.

I must say things from my heart.  
To touch you in a way  
to bring us together.  
I need only tell  
you my heart's wishes  
That we two may become one.

Talk to me.  
I am here now.  
I am listening.  
What must I do?  
I wait for you now.  
Or tell me to go.
