

Masterful

I am always impacted by anglers
whatever their stripe
Fat slung across lines of favorite juxtaposition
for a time of partisan bickering

Masterful touches the canvas, painting his masterpiece
upon the in-fighting elements, extricating such
succor from derisive entanglements

“Gone!” I say.

“Masterful!” I say.

“In a way not yet seen.”

“Ever...”

“Existing.”

“Always...”

“Ending.”

Let the message not become muddled
Mollify the Jihad
Stick a fork in it till it drops the jaws of all
Let it rear its head
for it must be
I am in pursuit
for there must be a pursuit

Let the chains fly
for it must happen
Come
